Progress Log:

Date	Activity	Comment
23/02/23	Completion of both Fully Dressed Use Cases	Fuaad and Sharier completed their use cases.
25/02/23	Completion of Sequence Diagrams	Based on the use cases, Maha and Ziad completed the sequence diagrams.
26/02/23	New Use Case	Fuaad changed the use case from "Failing a Turn" to "Change Settings" because "Failing a Turn" could not be expanded.
03/03/23	New Sequence Diagram	Based on the change in the use case, Ziad changed the sequence diagram accordingly.
07/03/23	Revised sequence diagrams, use cases, minor release, and overall class diagram	All the group members reviewed all the requirements for iteration 02 and concluded that all these can be submitted without further changes.
